Welcome to Calaboose, where we take you through the wonderful world of Indonesian cuisine, full of flavor, savor and spice. This is combined with the most refreshing cocktails, all brought to you in a tropical Tiki vibe.

Our cocktails are designed in a Tiki style, exotic, fruity and fun, delicious and colorful. Tiki culture originated in the '30s and became popular in the following decades. Based on a culture of the unknown, drawing inspiration from far-away lands, creating a tropical atmosphere through over the top décor, exotica music and extraordinary food and drinks, tiki catered to an escapist longing for travel to tropical regions of the South Pacific.

Tiki drinks originally were based on rum, lots of it. Combined with tropical fruits, layers of flavors built with syrups, spices and herbs. Our cocktails are modern takes on Tiki classics, designed to match perfectly with our Indonesian cuisine.

Sit back, relax, imagine yourself on a tropical Indonesian island and enjoy all the beautiful flavors we have to offer.
